Jane – as we discussed on Friday, AO asked for the budget for representation funds used in hosting the last couple of CEC meetings. A review of saved documents turned up this budget summary (attached) for the 2012 CEC Council Session, hosted by Lisa Jackson in New Orleans.

The total budget allocated, according to the attached document, was \$11,400, and the actual budget (amount spent) was \$10,909.54. Please let me know whether you'd like me to send this over to Sarah and the AO team. Thank you. Martin

Michael,

In response to Deputy Administrator Wheeler's questions today, below is the information on the Administrator's representational funds for the CEC Council Session. We will also be sending an approval request form for the CEC representational funds for this year's Council Session, which has not yet been transmitted to the CEC.

If there are any further questions, please let me know.

Jane

Subject: Representational Expenses for CEC

Jane,

In 2015, Administrator McCarthy used \$11,124.83 in representational funds to support the CEC in Boston.

In 2018, we estimate that Administrator Pruitt will use \$11,126 in representational funds to support the CEC in Oklahoma City.

Our database does not go back far enough to see what Administrator Jackson used in representational funds to support the CEC in New Orleans in 2012. It would take us more time to be able to mine old files to figure that out.

Mark
